EXPERIENCE

- World Bank Group Treasury, Partnerships and Advisory**
Junior Analyst

Mar 2026 - Present
Washington, DC, USA

 - Support technical advisory missions to central banks, pension funds, sovereign wealth funds, and deposit insurance corporations on governance, strategic asset allocation, portfolio management, and risk management.
 - Consolidate internal databases and build dashboards and scripts to aggregate, process, and update data for management reporting. Measured RAMP workshop learning through pre- and post-workshop quizzes.
- World Bank Treasury**
Treasury Summer Intern

May 2025 - Aug 2025
Washington, DC, USA

 - Developed AI-based automation for Financial Technology (TREFT) and Banking Operations (TREBK); engaged software providers and attended AI and blockchain conferences.
 - Assisted with interest-rate and cross-currency swaps for liquidity and loan fixing in Asset Liability Management and Policy (CMIAP), comparing counterparty quotes and pricing swaps; calculated IBRD 30-day liquidity projections.
- Universidad Privada Boliviana**
Research Assistant

Oct 2024 - Feb 2025
Cochabamba, Bolivia

 - Selected by the Chancellor as the top economics student to coauthor an MBA teaching case with peers from other faculties. Researched the Misicuni Multipurpose Project and interviewed key decision-makers.
- DATA S.R.L.**
Data Analytics Intern

Sep 2024 - Oct 2024
Cochabamba, Bolivia

 - Designed a magazine-style consulting report combining macroeconomic, international-trade, and market analysis; automated customized reports for regional international-trade merchants using Python, VBA, and OpenAI.
- Research Centre in Economics and Entrepreneurship**
Research Assistant

Jan 2024 - Mar 2024
Cochabamba, Bolivia

 - Assisted P. Córdova, Ph.D., with research comparing econometric and neural-network inflation forecasts across 20 American countries. Led time-series data collection, trained co-interns in Refinitiv Eikon, Excel, Stata, and EViews, and directed (S)ARIMA forecasting models.
